## TO BE RELEASED

### —Version Of Roulette— 'Chicken' Game Kills Teenager

Drivers Head For Each Other;  
Straddle Line; Lights Out  
—1 Dead, 3 Injured

COSHOCKTON, Ohio (AP)—Jack McCoy, 17, is dead—victim of what the Ohio Highway Patrol believes was a game of "chicken."

Three other youths are in Coshocton Hospital with serious injuries.

"Chicken" is a version of the old suicidal Russian roulette game, say police.

In Russian roulette, the chance-taker puts a cartridge in a revolver, twirls the cylinder and pulls the trigger with the gun pointed at his head. Perhaps the firing pin may fall on an empty chamber—or perhaps it will strike the cartridge.

"Chicken" is played with automobiles, in this manner: drivers of two automobiles straddle a highway center line and head for each other at night with headlights out.

Middle Line  
The driver who first turns on his headlights, or veers from the middle line, is a "chicken."

Patrolman T. P. Harding of the Coshocton outpost of the patrol, one of the investigating officers, said all evidence points to the conclusion that those involved in a head-on automobile crash on Ohio 79 about 15 miles west of here, were playing "chicken." That, he said, is the story witnesses tell.

"We do know that these two automobiles approached each other, at high speed, with the lights out," said Patrolman Harding. He added the condition of the three survivors is such they can't be questioned now.

He identified the drivers of the automobiles as James Francis Hughes, 16, of Rt. 1, Nellie, in Coshocton county, and Norman Mizer, 16, of Rt. 2, Warsaw, in Coshocton county. Fred Dickenson, 17, of Rt. 2, Warsaw, was riding in one of the cars, along with McCoy, who also lives near Warsaw.

McCoy died in Coshocton Hospital early Friday. Hughes suffered a skull fracture and other injuries. Mizer and Dickenson suffered severe lacerations and fractured legs.

### Randolph Addition Bids Total \$59,953

Apparent low bids on a four-classroom addition to Randolph Elementary School Friday totaled \$59,953.

The funds for the construction will come from the new \$10,000,000 bond issue, it was announced.

The Oscar Hirsch Construction Co. of Lincoln had the general contract low bid of \$47,800. Reinhardt Brothers Plumbing and Heating Co. had the apparent low bid on plumbing, heating and ventilating at \$8,994. The electrical work apparent low was \$3,159 from Arctic Electric.

### NICE EASTER; DAMP TODAY

Saturday may be a little damp in the extreme east but it looks like a dandy Easter Sunday for the entire state.

The only thing that will keep it from being almost perfect is cooler temperatures in the south-east Sunday.

The weatherman says there will be scattered afternoon and evening thunderstorms in the extreme east Saturday. It will also be a little more chilly in the west and north central.

The high temperatures in the northwest Saturday will be 55-60 northwest, near 70 in the southeast.

### Showdown On Yalta Foreseen

...Pentagon Files To Be Opened

WASHINGTON (AP)—Information bearing on the hot question whether Gen. Douglas MacArthur wanted Russia in the Pacific war in 1945 will be made public, the Defense Department said.

Whether the material from the Pentagon files will settle the controversy is not known. A Defense Department statement merely said the material will be "relevant."

C. Herschel Schooley, department information chief, said he could not set a definite date for the release of the information. In a statement, the department said it is "expeditiously" looking over documents, in view of requests from members of Congress and newsmen that they be made public.

It barred piecemeal release of the papers, saying:

"The Department of Defense believes . . . the release of separate items connected with Russia's entry into the Pacific war would confuse rather than clarify the situation."

Growing Controversy  
The controversy grew out of the release last month of the Yalta papers—documents and memos dealing with the 1945 meeting of President Roosevelt, Prime Minister Churchill and Marshal Stalin.

Critics of Roosevelt said the papers bore out their contention that Roosevelt made unnecessary concessions to get Russia into the war against Japan and that these concessions "sold out" Eastern Europe and large areas of Asia to communism.

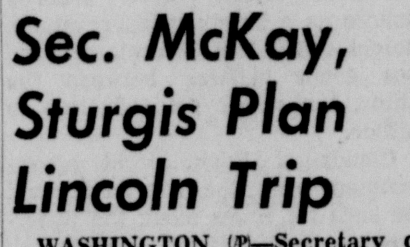

Some newspapers and others replied that Roosevelt relied on military advice that it was necessary to get Russia into the Pacific war in a big way as soon as possible, in order to save American lives. They said MacArthur favored such a course. At the time U.S. strategists were planning an assault on the Japanese home islands which, as it turned out, was unnecessary.

Says He Opposed It  
MacArthur has said that if his advice had been asked he would "most emphatically have recommended against bringing the Soviet into the Pacific war at that late date."

"To have made vital concessions for such a purpose would have seemed to me fantastic," he said on March 23 this year.

Sturgis

McKay

### Sec. McKay, Sturgis Plan Lincoln Trip

WASHINGTON (AP)—Secretary of the Interior McKay and Maj. Gen. Samuel D. Sturgis, chief of Army Engineers, have accepted invitations to attend the annual meeting of the National Reclamation Assn. in Lincoln, Neb., Oct. 24, 25 and 26.

The invitations were extended Friday by C. Petrus Peterson, president of the Association.

### Mauldin Is 99

CHULA VISTA, Calif. (AP)—Old "Injun" fighter William H. Mauldin, who rode herd on the renegade Geronimo and can still recite the names of all the cow ponies he has owned, celebrated his 99th birthday Friday.

Nurses and patients at the Fredricka Home here marked the occasion with a party and cake for Mauldin, the grandfather of World War II cartoonist Bill Mauldin.

### The Weather

### POLIO SHOT CALLS HEAVY

Lincoln pediatricians, who expect to get a supply of Salk polio vaccine if it is approved, have been swamped with calls from mothers of children who won't receive shots through school.

Dr. P. M. Bancroft, pediatrician, said it is not known how large the shipment will be.

Dr. Bancroft said the American Academy of Pediatrics has recommended that any vaccine made available be used only for children one through eight years of age and for expectant mothers.

He said the Academy reported at least 80 per cent of the children have mild polio infections before they reach 18 and it would be useless to give them the vaccine.

### Polio Vaccine Picture Bright, Rogers Says

On the eve of the long-awaited announcement of the effectiveness of the polio vaccine, State Health Director E. A. Rogers said there is good reason to believe there "will be an effective agent for producing active immunity against polio."

The report was made following the announcement that partial returns from all 93 Nebraska counties indicate about 90 per cent of eligible children are being signed up to receive the shots. If the percentage persists, some 60,000 of the eligible 67,000 children in the state would receive the Salk vaccine.

Announcement Tuesday  
The announcement of the vaccine effectiveness will be made Tuesday from Detroit, Mich., where the results of last year's test were computed.

Dr. Rogers said preparedness machinery is now in effect in all the state's counties. Under the mass vaccination program, all children in the state's first two school grades who receive parental permission will be given the shots.

Children in the first four grades would receive the shots in Lancaster and Douglas Counties, not including those who received the shots last year. These two counties always before have been the hardest hit during heavy years of polio in the state.

Machinery Ready  
Vaccination machinery in Lancaster County, centering in Lincoln has been in effect for the past week. Working together will be the City-County Health Department, the Lancaster County Police Foundation Chapter, County Medical Society, and the Lincoln schools.

More than 200 mothers, signed up through the county polio chapter, have volunteered to help at the city schools where the shots will be given. Out-county children

will receive shots at the City-County Health Department. Dr. John A. Brown III, chairman of the county medical society polio committee, said the cards have been sent to each county doctor asking his volunteer help and the list of times they can work. About 40 doctors will be working throughout the vaccination period, he said.

Children in rural schools will receive their first shots, providing the vaccine arrives on schedule, on April 18. Subsequent shots will be given the following week and final shots May 23 through May 27.

Children in the city will receive their first shots April 19, with a second one a week later and subsequent shots during the last week in May.

Mrs. Phyllis K. Westover, public school nurse, and Dr. John Thompson, director of health for the city schools, have made plans for the vaccination program for the city children for both public and parochial schools.

Close to 7,500 children through the first four grades in the county are expected to receive the shots.

County reports received by Dr. Rogers are: York, 550 out of 600 children have been signed up; Hall County, 1,629 out of 1,708 have been registered, and in Dodge, 1,163 out of 1,248 have signed.

Others are: Thurston, 396 out of 400; Saline, 425 out of 458; Knox, 604 out of 650, and Jefferson, 482 out of 500.

### —Rescued From Water— Woman Fails To Kill 2 Tots

Children Tossed From 60-Foot  
Bridge; Mother Jumps;  
All Are Saved

SEATTLE (INS) — A distraught mother Friday threw two young children from Seattle's Montlake Bridge and then leaped 60 feet into the Lake Washington ship canal.

Passersby jumped to the rescue and, aided by life preservers thrown down from the span, rescued the woman and both children.

Bridge tender Jim Hayes said the woman had been loitering on the span for about an hour. He said he saw her suddenly pick up one child and throw the child over the railing.

Hayes said he rushed from his control tower, but the woman and the other child were in the water before he reached the railing. He threw them a life preserver.

State of Shock  
Meantime, two men plunged into the water, effecting rescue of all three struggling persons.

Hayes said the woman was in a state of shock and unable to talk when pulled from the water. Both children were crying.

Police identified the mother as Mrs. Anna Salisbury, 24, of Seattle and her children as a son, Brian, 4, and a daughter, Cynthia, 2.

Mrs. Salisbury, moments after rescue, gasped:

"I can't remember what happened. I must have been dreaming."

The mother and her children were admitted to King County Hospital.

Chief figures in the rescue were five young men, three of whom unhesitatingly jumped into the dark, rain-swept canal water.

### Uni Place May Get Special Pool For Tots

A resolution for a change order in the University Place swimming pool contract will be before the City Council Monday for addition of a baby pool to the project.

The facility for the little tots will be separate from the main pool. It will be an irregular shaped pool 24 feet long, 16 feet wide at one end and about 12 feet wide at the other end.

\$1,870 Cost  
The baby pool change order will be accompanied with another order for installing electrical sockets in the bath house at a cost of \$320. The baby pool will cost \$1,870.

This will bring the total cost of the pool to a little more than \$66,000. The difference between the \$66,000 and the \$65,000 set up in the budget for the pool will be made out of regular recreation department funds.

Worthwhile Project  
City Councilman Pat Ash who has pushed the neighborhood swimming pool idea, said that the baby pool was considered a very worthwhile project all along. However, he said, the city first wanted to see if it could get just the main pool constructed with the funds on hand.

# Corsi Offered New Post

## Dulles Pledges Backing

He Tries To Muffle State Dept. Blowup

By JOHN SCALI

WASHINGTON (AP)—Secretary Dulles tried to muffle a new blowup over State Department security Friday by personally offering another assignment to Edward J. Corsi, who is being cut loose from his job as special assistant on immigration problems.

"I don't know whether I am interested," Corsi told reporters after his meeting with Dulles.

The State Department said Corsi "has agreed to consider taking on this new assignment."

"Secretary Dulles reiterated his confidence in Mr. Corsi," the department said after the meeting, "and denied reports that his State Department status involved any questions of security."

**Decision Delayed**  
Corsi said Dulles had appealed to him to accept the new assignment "but I told him I could give no answer at this time."

The new role calls for a survey of the possibilities of settling immigrants in Latin America and other areas.

Corsi blamed the termination of his present appointment on "enemies who believe in racial superiority."

He described as "entirely unwarranted, unfounded and insincere" attacks on him by Rep. Walter (D-Pa.), co-author of the McCarran-Walter immigration law which Corsi has criticized.

"I am being attacked for the things I stand for rather than as an individual," Corsi said. He said he considers himself a symbol of "liberal opposition to the McCarran-Walter immigration law with its un-American and discriminatory features to which even the President himself objects."

**Blames Rep. Walter**  
He said he believed the State Department was yielding to Walter's demands that he be fired.

At first he planned to carry his protest to the White House. He had hoped to see Max Raab, who deals with minority problems there, but later said he had canceled the plan.

James C. Hagerty, White House press secretary, told reporters President Eisenhower knew nothing about the Corsi case until he "read about it in the papers."

The Italian-born Corsi, a friend of former Gov. Thomas E. Dewey, said Thursday night he had been notified abruptly that his appointment as special assistant to Dulles was "temporary" and that it would end on April 10—90 days from the time he was sworn in.

**Charge Denied**  
This was after he had been attacked by Rep. Walter, who said Corsi had been associated with Communist-front groups. Corsi, who had been at odds with Walter on basic immigration policy, denied the charge.

Corsi said that when he was notified Wednesday that his job was running out, a top State Department official emphasized security was in no way involved.

**Day At Desk**  
WASHINGTON (INS)—President Eisenhower spent Good Friday at his desk, except for attendance at a church service and a round of golf, while Mrs. Eisenhower remained at their farm near Gettysburg, Pa.

The White House said the President apparently intends to spend the Easter weekend in Washington, barring a change of plans. Whether Mrs. Eisenhower will return from the farm to be at the White House on the Easter sabbath was indefinite. The first lady has been at the Eisenhower's new house supervising interior decorating.

**West Accused**  
LONDON (INS)—The Soviet magazine New Times accused Western "opponents of international co-operation" of trying to dampen public interest in a four-power conference. The magazine was quoted by Tass, Soviet news agency, as claiming that Western leaders and the "subversive press" made a fuss about the complexity of "preparing such a conference."

## Mrs. Clark Charged In Slaying

FORT WORTH, Tex. (AP)—The state charged oilman William Clark's widow Friday with promising to pay \$10,000 for his murder. It accused three police characters of killing him.

Clark, 61, was shot behind an ear in his 22-room mansion here two years ago.

His blonde widow, 46, was charged Friday as an accomplice to murder. Murder charges were filed against Leroy (Tincy) Eggleston, Cecil Green and Harry Huggins. Peace Justice Dick Callaway denied bond for all four.

The charges allege Eggleston, Huggins and Green shot Clark May 19, 1953.

Mrs. Clark allegedly promised Eggleston \$10,000 to kill her husband—who cut her off with \$10 in his will and who, before his death, accused her of luring him into marriage for his money.

The accomplice charge carries the same possible death penalty as murder.

Police questioned Mrs. Clark almost 18 hours Thursday and Friday. She steadfastly denied any part in the slaying.

The charges were filed some 24 hours after officers related a startling story by Huggins, an ex-convict, who said Clark was killed for pay.

Clark's body was found three days after he was shot. At first, suicide was ruled. The ruling later was changed to murder.

## Lumberjack Kills Brother, Wounds 2nd In Shooting

OROVILLE, Calif. (AP)—A berserk lumberjack killed one brother Friday, seriously wounded another, and held off 20 possumen with a deer rifle until his ammunition ran out.

Sheriff Larry Gillick said Clifford Taber, 42, then slashed his throat with a knife as officers, under tear gas cover, broke in the family's backwoods home.

Mrs. Alice Taber, 84, mother of four lumberjack sons, witnessed the fatal shooting of Clarence, 56. She escaped from the house when Clifford shot his second brother, Floyd, 50, through the shoulder.

With the aged woman safely out of the house, Sheriff Gillick's posse closed in under covering rifle fire.

A tear gas shell was fired through a window. Clifford came to a window for air. Deputy Sheriff Walter Anderson ran up to the house and covered the besieged man with a rifle.

Officers dragged Clifford outside. There California Highway Patrol Sgt. A. T. Cumins thwarted Clifford's knife slashing suicide effort by pushing thumbs at his neck veins to stanch the blood flow.

Sheriff Gillick said Clifford's only explanation for his angered shooting was that his brothers had called him names.

Floyd and William, 50, the surviving brothers, said Clifford had been sick for a year.

**Assurance Given**  
WASHINGTON (INS)—Assistant Navy Secretary R. H. Fogler assured a California congressman that West Coast shipyards will receive "careful consideration" when the government gets ready to construct its fifth Forrestal-class aircraft carrier.

The assurances were given given Rep. John F. Baldwin (R-Calif.), who last month asked the Navy to consider building the proposed carrier in his state.

# Suspect Grilled In 27-Year-Old Double Murder

STILLWATER, Okla. (INS)—Is the man held in Payne County jail at Stillwater Sherman Johnson, innocent victim of mistaken identity, or Charlie Goss, accused murderer of two persons at a gala New Year's Eve party in Cushing, Okla., 27 years ago?

At least one person who witnessed the 1928 dance hall shooting claims the man is Goss. It was on the basis of this identification that he was extradited from Portland, Ore., to face the murder charges.

However, he claims he is Johnson and has not been in Oklahoma since 1921. He said he was in Cushing only once, in 1914 when he went to a card game.

County Attorney Bob Murphy said there is evidence to back up both identities. He plans a lie detector test in an attempt to clarify the situation further and Johnson has indicated he is willing to take the test.

**Shooting Spree**  
Goss was accused of killing his girl friend, Essie May Pless, and a dance hall bouncer, Alfred Robinson, in a wild shooting spree following an argument with the woman. Four persons were wounded. Goss, known as "Dew Drop Red" because of his flaming red hair and a tavern he operated called the Dew Drop Inn, disappeared after the shooting. The case was dropped several years later when it was reported he was hanged in Mexico for another crime.

Authorities renewed their investigation last month when Mrs. Ione Harper, sister of the murdered woman, pointed out Johnson as Goss and Portland police arrested him. He was arraigned Friday on the two murder charges before Payne County Judge Max Sater who set preliminary hearing for April 26. Attorneys said they expect to produce "15 or 20 witnesses for both sides at the hearing."

One of the witnesses expected to be called by Murphy in his attempts to prove Johnson is Goss will be Mrs. Minnie Hodge of Langston, only one of the wounded persons still living.

**No Index Finger**  
Johnson, 67 years old, produced World War I records to prove his identity and Murphy said a Sherman Johnson was listed in Portland telephone directories in the years Goss lived in Cushing.

Other evidence points to him as Goss. Johnson's right hand has no index finger, also a mark of identification for Goss. Johnson said he lost the finger in a 1921 accident.

Murphy also said that "for a man who spent only one night in Cushing in his life, he knows a lot about the place."

Johnson, also known as Ben Purvix in Portland's colored district, served a 10-month prison term for violation of the federal Mann Act in 1938-39, has a "gambling background" and has been charged with possession of narcotics.

Friends in Portland have sent Johnson \$1,000 they collected for his defense and plan to supply him with witnesses to prove his identity if needed.

## Jerusalem's Cobblestoned Streets Are Thronged By Christian Pilgrims

... Gum-Chewing Americans Mingle With Orientals

By WILTON WYNN

JERUSALEM (AP)—Christian pilgrims of many nations, ranging from turbaned Orientals to gum-chewing Americans, marched on the way of the Cross through the cobblestoned streets of Old Jerusalem Friday.

The Good Friday procession, followed the path along which Jesus Christ carried his cross to Calvary. More than 5,000 pilgrims took part. The group was divided according to languages. Preceding each unit was a huge wooden cross carried by 15 men.

The procession began inside the courtyard of the Moslem secondary school near St. Stephen's Gate and moved along to the Church of the Holy Sepulcher.

**15 Stations**  
The first station on the way was on the spot where Christ was tried before Pontius Pilate. The route is marked by 14 other stations where incidents occurred during Christ's walk to his death.

Although he was crucified outside the city wall, changes in Jerusalem since then have enclosed the traditional site of the Crucifixion and burial, which form the last "Stations of the Cross."

At each station the procession paused while a sermon was preached in the language of each group.

**Led By Franciscans**  
Brown-robed Franciscans led the procession, which included members of the order from all over the world—Filipinos, Americans, Europeans.

A Franciscan with a Midwestern accent conducted the services for the camera-toting Americans, many of whom wore sport shirts. Here and there an American woman passed in slacks.

Immediately following the Americans were two Arab groups led by blackhooded women, who wept softly at the point where Christ fell under the weight of the Cross.

**Great Throng in Rome**  
VATICAN CITY (AP)—his blessing Friday to one of the greatest throngs of foreign visitors ever gathered here to celebrate Easter.

For the church it was Good Friday, with the most mournful services of Holy Week, commemorating the death of Jesus Christ on the cross.

**Hiroshima Hit**  
TOKYO (Saturday) (AP)—Fire destroyed 50 houses in atom-bombed Hiroshima, leaving 500 people homeless. No deaths were reported.

**Louis Lewis, 87, Of Peru Is Dead**  
LINCOLN STAR SPECIAL  
PERU, Neb.—Funeral services for Louis Lewis, 87, a longtime resident of this community, will be held Saturday at the Peru Baptist Church. He died in a Nebraska City hospital after a long illness.

Surviving are his wife, Della; his son, Carroll Lewis, president of the Bank of Peru; a grandson, John Lewis of Peru; and two great granddaughters.

**Burlington Worker Admits Pilfering; Gets \$150 Fine**  
A 36-year-old Burlington railroad employee, who admitted pilfering over \$200 worth of hay and feed from the railroad, has been fined \$150 in Lancaster County Court.

Murlin R. Chubbuck of 2740 North 6th pleaded guilty to a petit larceny charge specifically alleging the theft of four bales of hay, worth \$2.20, on April 6.

For the 60 bales of hay, 168 bushels of oats, and other cattle feed that Chubbuck admitted taking over a seven-year period, he has made restitution of \$218, according to a railroad special agent.

A Burlington employee for 13 years, Chubbuck worked at the railroad's livestock feeding pens.

Chubbuck told Judge Herbert Ronin that he "really didn't need to take" the hay and grain which he fed to "a few cows I keep."

**Easter Is Safest Holiday Of Year On U.S. Highways**  
CHICAGO (AP)—Unlike most holidays, Easter doesn't worry the National Safety Council.

"Easter is the safest holiday in the year in terms of traffic deaths," Ned Dearborn, council president, said Friday night.

"The number of accidents on the nation's highways is just about the same as any other Sunday in the year."

Dearborn attributed this to the very nature of Easter.

"Easter is a solemn occasion—not a day to drive 200 miles to visit relatives or for going on the town," said Dearborn.

"Easter is celebrated in the churches, not on the highways."

**Services At Minden For E. Gus Kundel**  
MINDEN, Neb.—Funeral services for E. Gus Kundel Sr., 83, Minden blacksmith and garage operator, will be held at 2 p.m. Saturday at the Congregational Church here. Burial will be in the Minden Cemetery.

**Rita Sues Studio For Film Stall**  
HOLLYWOOD (INS)—Actress Rita Hayworth followed up her break with Columbia Pictures by suing the film studio in federal court Friday.

She asked that the court declare her two-picture contract with the studio invalid because the company failed to keep an agreement to start "Joseph and His Brethren" on March 7 as scheduled.

She asked also that the studio be required to pay her the \$150,000 per picture called for by the contract and that a \$100,000 "good faith" bond be posted in a Reno bank be returned to her.

At the same time the suit was being filed the stage was being set in Hollywood for a dramatic meeting between the flamed-haired star and her Moslem prince former husband, Aly Khan.

**Passage Booked**  
Pan American World Airways reported that Aly has booked passage from Buenos Aires to Los Angeles and will arrive April 16.

Rita's attorney, Bartley Crum, said he presumes that she and her mate of two years ago will map plans for their daughter, Yasmin.

The actress plans to take Yashin to France in July to see Aly's father, the Aga Khan.

Crum also said, however: "She will not go abroad without Dick Haymes."

The U.S. Immigration Service may be an obstacle to their taking the trip together, in view of its persistent efforts to have the singer deported.

Crum flew to Hollywood this week to help Rita in her latest hassle, a contract dispute with Columbia Pictures.

**ARCHBISHOP DENIES HE SAID MARGARET WON'T WED CAPTAIN**  
GRAHAMSTOWN, South Africa (AP)—The Archbishop of Canterbury says he was incorrectly quoted when Capetown reporters questioned him about rumors that Princess Margaret is to wed.

"I was not asked whether there is any truth in the rumors that Princess Margaret will marry Group Capt. Peter Townsend," Archbishop Dr. Geoffrey Fisher, said Friday. "I was asked: 'Have you anything to say about Princess Margaret?' to which I replied, 'No comment.'"

"I was then asked, 'Is everybody in England talking about this?' To which I replied that it was a stunt—and a most offensive one at that—by a few English newspapers. Regrettably some of the overseas news agencies appear to have taken over the one newspaper report which did not accurately record what I had said."

The original story quoted him as saying, "There is no truth whatsoever in the rumor that Princess Margaret and Group Capt. Peter Townsend are to wed."

**52 Unhurt As Airliner Pancakes**  
DÜSSELDORF, Germany (AP)—A London-bound British European Airways plane with 52 persons aboard crash-landed in a fog-shrouded field Friday. Four crewmen were injured slightly. All others aboard continued their trip in another plane.

The twin-engine Elizabethan pancaked shortly after taking off from the Düsseldorf airfield when one of the engines conked out. The plane was badly damaged.

The pilot, A. Bates, 35, was complimented by passengers for bringing the big plane down without loss of life. He was among the four crewmen hurt. Taken to a British military hospital at Krefeld, they are to be released Saturday or Sunday.

**Frank Lederer Suffers Cut Eye In Accident**  
Frank Lederer, 19, of 240 So. 48th suffered a laceration of the left eye when he fell from the door of a moving vehicle he was driving in a two-car collision 1/4 mile from So. 27th and Pioneer Blvd.

Safety Patrolman John Ayers said Lederer was going north and was making a turn when his car collided with a southbound car driven by Stanley Schneider, 20, of 3854 H. a student.

Lederer was treated at Bryan Memorial Hospital and later released.

# Adlai To Give Views On Far East Situation Monday

## Half Hour Radio Talk Is Planned

CHICAGO (AP) — Adlai E. Stevenson, 1952 Democratic candidate for president, will give his views on the Far East political situation in a half-hour radio talk Monday night.

Stevenson declined to discuss his talk, but an aid said the talk which will be aired over two national networks is a response to "literally hundreds of letters, telegrams and phone calls" which Stevenson received during the last three weeks.

The talk will be broadcast by the Columbia Broadcasting System from 9 to 9:30 p.m. CST.

William McCormick Blair, Stevenson's law partner, said that the National Broadcasting Co. also plans to carry Stevenson's talk. Network sources said they were unable to confirm this.

### Chicago Talk

The National Broadcasting Co. said it would record the speech and broadcast it from 9 to 10 p.m. CST.

Blair said that Stevenson was a busy Friday "writing his speech." The broadcast will be made from Chicago.

CBS said the talk will be carried without charge as a public service because of general interest in Stevenson's views on public affairs.

Stevenson and Blair plan to leave April 18 for South Africa on a trip which Blair said is prompted by the legal interests of law clients.

Blair said arrangements with NBC were made in a telephone call with Gen. David Sarnoff, president of the network.

### Major Address

It will be Stevenson's first major address since a talk in New Orleans in December.

Sam Brightman, director of publicity for the Democratic National Committee, said in Washington that as far as he knows the committee was not consulted about Stevenson's decision to make the broadcast.

There was no indication either that Stevenson had discussed the matter in advance with Democratic leaders in Congress.

One party official, who asked not to be quoted by name, said it was his understanding that Stevenson's friends had been urging him to speak out on foreign policy issues.

## Harry Pike Rites To Be In Lincoln

Services will be held here for Harry Pike, 63, Roseville, Calif., formerly of Lincoln, who died March 31 at San Francisco.

Mr. Pike, who was born near Valparaiso, Neb., had been a railroad employee. He was a veteran of World War I.

Surviving are his sisters, Nettie Pike, Mrs. Agnes Lisle and Mrs. Edith Meyer, all of Lincoln. Mrs. Mary Cheever of Falls City and Mrs. Rena Furrer of Centralia, Wash.

### Wotipka Wins Road-E-O

Lee Wotipka, 16, of 1548 Garfield, receives the first place award from Bill Lutes (right), of 6050 Walker, for his performance in the Junior Chamber of Commerce Road-E-O held here Friday. Wotipka is the son of

Mrs. Lucille Wotipka and is a senior at Cathedral High School. Lutes, general chairman of the event, is a safety specialist in the University of Nebraska College of Agriculture extension division. (Star Photo.)

## Buddies Finish Road-E-O 1-2; Just A Point Apart

Two buddies from St. Marys Cathedral High finished one-two and only one point apart in the annual Road-E-O contest sponsored by the Jaycees Friday and held at the University of Nebraska.

Plaque winner and contestant for the state championship was Lee Wotipka, 16, of 1548 Garfield. He scored 411 points out of a possible 500 in the driver technique course. Receiving a certificate and scoring 410 out of 500 was second place contestant Vladimir Berniklau, 17, of Rt. 5.

The winner of the state contest, to be held in Lincoln on June among some 37 contestants, will receive a scholarship sponsored by the State Junior Chamber of Commerce. National contests will follow later.

Third and fourth place winners, who received certificates for excellence, were tied between Roger Miller, 17, of 2530 J. of Lincoln High School, and Marvin Williams, 18, of Rt. 1, a student at Teachers High School.

The program was run off Friday afternoon just south of the University stadium under the direction of Bill Lutes of 6050 Walker, general chairman of the Lincoln program. He was assisted by members of the Marine Corps Recruiting Service, both regular and re-

## Frank Bowers, 72, Schoolman, Dies

Frank Earl Bowers, 72, 5242 Madison, a former superintendent of schools in a number of Nebraska towns, died Friday at a local hospital.

Before his retirement he had been employed in the office of the state superintendent of schools.

Mr. Bowers was school superintendent for some time at Arapahoe, Neb., where he was a member of the Methodist Church.

Born in Franklin, Ind., he had lived in Nebraska most of his life. Surviving are his wife, Bessie B.; a daughter, Mrs. Duane Riggs of Greeley, Colo.; a son, Doren W. of Hawthorne, Nev.; two grandchildren; a sister, Mrs. Edna Clow of Franklin, Neb., and a brother, G. Howard Bowers of Robstown, Tex.

## Frank M. Brigham Funeral Monday

Services for Frank Myron Brigham, 90, 2320 R, will be at 11 a.m. Monday at Grace Methodist Church, Dr. H. C. Sandall officiating. Masonic Lodge 54 also will conduct services.

Mr. Brigham, who died Friday, was a proprietor of a cleaning firm here before his retirement in 1938.

Born in Troy, Wis., he had lived at North Adams, Mass., and Corning, Calif., before coming to Lincoln in 1898.

A member of Grace Methodist Church, he belonged to Lancaster Lodge 54, AF&AM, Scottish Rite,

Mr. Brigham

York Rite, Shrine, Lincoln Lodge 80 BPOE, Lincoln Chapter 148 OES and was a 32nd degree Mason. He was on the board of trustees of Bryan Memorial Hospital.

Mr. and Mrs. Brigham had a 64th anniversary in 1954.

Surviving are his wife, Hattie May; a son, Dr. R. J. Brigham of Lincoln; a daughter, Mrs. Henry H. Becher of Lincoln; six grandchildren and 11 great grandchildren.

### Jet Pilot Killed

HONOLULU (INS) — A Marine jet fighter plane crashed in flames in a sugar cane field at Waialeale Gulch about 10 miles from Honolulu killing the pilot. Fire trucks put out the flames, which spread into the sugar cane. The victim's identity was not announced pending notification of next of kin.

## Lyle Sinner Bankruptcy Lists \$1,955 In Debts

In voluntary bankruptcy, Lyle Roger Sinner of 111 E, construction worker, has listed liabilities of \$1,955.98 as unsecured debts and assets of \$217.

Of the 34 unsecured claims, those of \$100 or more are Gold & Co., \$100; Household Finance Co., \$156.67; Miller & Paine, \$108.04 and \$115; Leonard Dunker, \$150, and Charles L. Otto, \$202.44.

### \$1,122 Lump Sum OK'd

A \$1,122 lump sum settlement to Marvin Kneahans of Superior from the Francis R. Orshek Co., for alleged injuries received April 12, 1954, when struck by a truck during employment, has been approved by the Lancaster District Court.

### Easter Egg Hunt

## Ground Breaking Ceremonies Held For Utica School

### Lincoln Star Special

UTICA, Neb.—Ground breaking ceremonies were held here for a new \$10,000 parochial school by members of the St. Paul Lutheran Church.

Construction of the new school, to be erected on the site of the present school, will get under way soon.

Plans call for a three classroom structure of cement blocks and brick veneer. A kitchen will also be provided in the new building.

The Rev. H. C. Loesel presided at the ceremonies. Rupert Bereuter, chairman of the building committee, spoke briefly.

Arthur Bangert serves as school principal with Ardin Naber chairman of the school board.

# Pilger Farm Tot Drowns In Stock Tank

## Respirator Use Proves Unsuccessful

PILGER, Neb. (AP)—An 18-month-old girl drowned in a stock watering tank while at play on a farm south of here.

Joleen Kay, daughter of Mr. and Mrs. Melvin Meyers, farmers, had been playing with other youngsters in the farmyard when her mother missed her. A search was started and the youngster was found in 1 1/2 feet of water in the tank. Efforts of firemen to revive the child with a respirator proved unsuccessful.

Survivors are her parents and two brothers.

Funeral services will be held Saturday afternoon.

## Services Held For Mrs. Guy Lewis, 54

Lincoln Star Special

SHUBERT, Neb.—Funeral services were held at the Christian Church here for Mrs. Guy Lewis, 54, who died in a Humboldt hospital.

A former resident of the Shubert and Stella communities, Mrs. Lewis had resided in Humboldt since 1953. She was a member of the Women's Guild of the Christian Church of Humboldt and the Golden Rule Project Club.

Surviving are her husband; four daughters, Mrs. Don Rears of Stella, Mrs. Dean Whitfield of Bellevue, Mrs. Jerry Mehl of Humboldt and Martha Mae, at home; five sons, Donald and Harlan both of Bellevue, Paul of Humboldt and Gary and Tommy, both at home; 11 grandchildren and six brothers.

New Fairbury Mayor

John Aasen, above, Fairbury contractor who unseated Mayor Oscar Milius in the Fairbury City election, is a former city councilman there. Installation of Mayor Aasen and the new councilmen will take place at a special meeting Tuesday night. Members of Aasen's Progressive Party drafted him to run for the post. (Photo Special to The Star)

## Swimming Pool Issue Rejected

PLAINVIEW, Neb.—By a 81 vote margin Plainview residents turned thumbs down on a \$50,000 bond issue for a swimming pool. The total vote was 283 to 202, as many voters appeared at the polls.

Re-elected to City Council seats were Howard Paulsen, ward one, and Henry Ketelsen, ward two.

Elmer Pond was re-elected to the Board of Education. Carl Nissen is a new board member.

## Omaha Crash Claims Second Seward Man

Lincoln Star Special

SEWARD, Neb.—Funeral services for Lloyd Dittman, 55, Seward mechanic, were held here.

Dittman died in an Omaha hospital of injuries received in truck-car collision near Boys Town Feb. 28. His son, Kenneth, 30, driver of the car, was also fatally injured in the accident.

The State Safety Patrol report said the younger Dittman lost control of the car and it smashed into a truck driven by Robert Anderson of Omaha.

Lloyd Dittman had been a Seward resident for about 40 years. Burial was at Seward.

Surviving are his wife, Ida; his daughter-in-law; two grandchildren, two brothers and three sisters.

His death brings the 1955 fatality toll to 69, compared with 73 at this time last year.

## Weather Ahead

Extended forecast for Nebraska:

Temperatures during the next 5 days Saturday through Monday will average 8 to 10 degrees above normal, with warmer Monday and turning colder about the middle of the week. Normal lows range from 32 in the northwest to the upper 30s in the southeast, and normal highs are in the lower 60s. Precipitation is expected to average from .10 to .20 of an inch in the west to .25 to .40 in eastern portion, occurring as showers Monday or Tuesday.

## Frank Lake, 85, DeWitt, Is Dead

Lincoln Star Special

DEWITT, Neb.—Funeral services for Frank Lake, 85, DeWitt carpenter, will be held Sunday at 2 p.m. at the DeWitt Methodist Church.

He was born in Williamsport, Pa., in 1870 and moved to Saline County with his parents in 1877.

Active in Masonic work, Lake served as tyler of the DeWitt Lodge of AF&M for more than 35 years.

He is survived by his wife, Verna; four sons, George of St. Louis, Mo., Albert of Greeley, Colo., Wayne of Boulder, Colo., and Elmer of Omaha; and two daughters, Mrs. Maude Egger of Lincoln, Mrs. Mabel Baller of Carthage, Ill.

## THIS PRACTICAL JOKE BACKFIRED

BAYARD, Neb.—A practical joke backfired and a high school student broke bones in both feet.

Someone threw a homemade smoke bomb into the entrance to second-floor apartments over the Bayard Post Office, Mayor Speed George reported.

Mrs. T. A. Kidd, a tenant, became alarmed in her apartment.

Five-year-old Brenda Kidd was dropped to the ground unhurt by her mother, but her sister, Sally Ann, broke bones in both feet in a jump.

Firemen led Mrs. Kidd out of the building before she could jump.

## Mid-State Favors Fort Randall To G.I. Power Line

GRAND ISLAND, Neb. (AP)—Directors of the Nebraska Mid-State Reclamation District have adopted a resolution favoring the 230 kv electric transmission line from Fort Randall Dam in South Dakota to Grand Island.

Sponsors of the proposal have urged a federal appropriation to build it, holding that such a line would provide cheap power for use during the irrigation season, enabling more widespread use of pump irrigation. It would, they say, provide an outlet for "dump" power, or power available on an interruptible basis.

The board unanimously approved the resolution in its meeting.

## Dr. J. W. Bennie, Clearwater, Dies

CLEARWATER, Neb.—Funeral services were held here for Dr. J. W. Bennie, 72, physician in the Clearwater and Ewing communities since 1912.

A resident of Clearwater for 43 years, Dr. Bennie was active as a physician until about a year ago when his health began to fail. Born in Canada, he was graduated from Detroit College of Medicine in 1910.

Active in civic organizations, he was a member of the school board several terms, past noble grand of the IOOF Lodge, member of the Masonic Lodge, Chamber of Commerce and Presbyterian Church.

Surviving are his wife and two brothers, Robert of Vancouver, British Columbia, and Donald of Dover Center, Ontario.

## Shelby Bond Issue Defeated At Polls

SHELBY, Neb.—Shelby voters by an overwhelming count of 170 to 59 turned down a proposed \$18,000 bond issue for a proposed building to house the fire and city equipment together with a small auditorium.

The proposal arose following the condemnation of the present town hall by the state fire marshal.

In other contests, Willis McMeekin and Wm. Young were re-elected village trustees. Dale Davis and Melbourne Heibel won school board posts.

## Latest Insect Control Methods Discussed At Ag College Meet

Nebraska pest control operators learned of the most recent methods of controlling insects, birds, and animals at a conference planned especially for them at the College of Agriculture Friday.

The meeting, the first of its kind to be held at the agriculture campus, was sponsored by the Department of Entomology, University of Nebraska.

Guest speaker John Eastwood told the operators that insecticides containing chlordane now could be used in the control of 15 instead of six household insects. Eastwood, an entomologist from Chicago, said this more extensive use of chlordane was made possible by recently revised restrictions by the U. S. Department of Agriculture.

New Ruling

Eastwood explained that certain impurities have been reduced in the manufacture of chlordane causing it to be less toxic to humans yet just as effective in the control of household pests.

The nine household pests coming under the new ruling are mosquitoes, box elder bugs, crickets, spiders, centipedes, scorpions, clothes moths, wasps, and house flies. Still approved for the control of roaches, water bugs, silverfish, carpet beetles, ants, and brown dog ticks.

Robert Roselle, extension entomologist at the University of Nebraska, told the pest control operators they should become most familiar with the regulations of the Pure Food and Drug Administration.

"Since this Administration apparently will begin enforcement of flies, Chlordane was formerly and regulations pertaining to insect and rodent contamination of food grains, it appears that the pest control operators of Nebraska will assume new responsibilities for the program," Roselle told the group.

"Experienced pest control men will undoubtedly be called to help elevator and mill operators with their problems," Roselle reasoned.

Termite Control

In discussing termite control O. S. Bare, associate professor of entomology at the University College of Agriculture, said chemical treatments of the soil under buildings and along foundations and basement walls is a method of barring termites that has gained general acceptance.

Many different chemicals have been tried successfully for this purpose, he said. At the present time, the Federal Housing Administration, and the U. S. Forest Service are recommending soil treatment with chlordane, DDT, benzene, hexachloride or lindane, dieldrin, sodium arsenite, and trichlorobenzene, all of which have proved to be effective if properly used. Many proprietary preparations containing one or more of these have proved to be satisfactory, he added.

Nebraska termites, Bare said, are of the subterranean species which normally nest in the soil and feed on wood or other cellulose material that they can reach without coming out into air or strong light. Control measures are based on these characteristics and their necessity for having a supply of moisture available, he added.

## C. A. Weddel Resigns Blind School Post

C. A. Weddel, superintendent of the Nebraska School for the Blind, will become school principal at Plattsmouth.

Weddel, superintendent at the Nebraska City institution for two years, resigned effective Aug. 1. His resignation was announced by the Board of Control.

William Diers, control board chairman, said here is "no body in sight at the moment" to succeed Weddel at Nebraska City.

"We are sorry to lose him," he added.

Weddel was school principal at Falls City before taking the blind position. He also had served at Seward.

In his letter of resignation, Weddel said he was resigning because he wished to return to public school work.

He added:

"I wish to thank the Board of Control for their fine co-operation and interest in the work at the Nebraska School for the Blind during the past two years. It has been most appreciated.

"Rest assured of my continued co-operation with the board of control and my successor. I will do all in my power to see that the present program can continue."

## Dr. Brooks Elected To Plattsmouth Board

PLATTSMOUTH, Neb. (INS)—Dr. Wiley Brooks, former president of Chadron State Teachers College, has been elected to the Plattsmouth School Board.

Dr. Brooks returned to Plattsmouth after his recent retirement from the Chadron post. He was superintendent of the Plattsmouth schools 40 years ago.

## Big Share Of Kayser Estate Is Designated For Omaha U.

OMAHA (AP)—The University of Omaha will share largely in the million-dollar estate of Frederick W. Kayser, department store head who died Tuesday at 61. County Court records showed Friday.

The petition for probate of the will said the estate is "in excess of one million dollars."

The University of Omaha eventually will receive the income from three trusts totaling \$450,000.

Income from two \$100,000 trusts will go to two nieces who live in California during their lifetimes and income from a \$250,000 trust is available to a sister, Emma Kayser of Omaha. All three trusts eventually will go to Omaha U.

Requests To Employees

The will includes 72 bequests totaling \$164,000 to employees of Thomas Kilpatrick & Co., of which Kayser was president and treasurer.

Mrs. Gretchen Kayser Banks, of South Pasadena, Calif., one of the nieces who was named beneficiary of a trust fund, also will get \$100,000 in cash. The remainder of the estate will go to Frederic Vischer Kayser, a nephew and director of the company.

Kayser's stock in the company may go either to the nephew or the University trusts or may be offered for sale to the stockholders.

Edgar M. Morsman, attorney, said that prior to his death Kayser had given \$5,000 each to Children's Memorial Hospital, Clarkson Memorial Hospital and Nebraska Methodist Hospital.

I Corinthians 15, 20

# White House Staff Sorely Needs Space; Survey Under Way

WASHINGTON (AP)—President Eisenhower is trying to provide more office space for the White House staff.

James C. Hagerty, presidential press secretary, announced Friday the consulting firm of Robert Heller & Associates of Cleveland, has been retained "to make a thorough and objective study of the present and probable future space requirements of the presidency as an institution."

The firm already has made a preliminary report recommending "minor interior modifications" of the White House west wing to take care of immediate critical space problems there. Work on these is under way.

The chief executive's own office and those of several of his top aides are located in that wing.

"The problem of housing the presidential offices has confronted every chief executive since the turn of the century when President Theodore Roosevelt ordered the building of the west wing as a 'temporary' structure," a White House statement said.

As an example of the crowded

conditions, Hagerty said five persons are occupying one tiny office adequate only for two.

In one move to provide more office space, two bowling alleys installed during President Truman's administration recently were moved from the west wing basement. They were put across the street in the old State Department building. That building for the last several years has housed the overflow of White House aides and their staffs.

Hagerty said representatives of

the Cleveland firm now are conferring with former government officials to get their views on what long-range modifications should be made.

In reply to a question, he said he did not know whether former Presidents Hoover and Truman would be consulted.

As for the long-range situation, Hagerty said later recommendations might call for a more spacious conference room at the White House.

"There is no place in the White

House where we can meet with a group of more than 25 people conveniently," Hagerty said.

Eisenhower's news conferences are held in the old State Department building because of lack of a large enough room in the White House. Around 200 newsmen—sometimes more—attend the conferences.

Truman proposed during his administration that an additional wing be built behind the present west wing, but the proposal died in Congress. That plan called for

inclusion of a conference room.

Murray Snyder, assistant press secretary, said that at present there are 274 White House office employees. Of the total, 102 are in the west wing, 39 in the east wing, 7 in the White House proper, and 126 across the street in the old State Department Building.

In response to a question, Snyder said the total is "approximately the same" as the number of White House office employees during the Truman administration. He had no specific figures.

## Falls City Rotarians Elect Harvey President

FALLS CITY, Neb.—Hal Garvey, division chief timechecker of the Missouri Pacific, has been elected president of the Falls City Rotary Club. He will succeed Melvin Ernst.

Other new officers are Erwin Harkendorff, vice president; Bill D. Mullins, secretary; George S. Lyon, treasurer; Edwin Zorn, sergeant-at-arms; and Henry F. Schepman, Ben C. Dale, Loren E. Hutchins and O. P. Ward, members of the board of directors.

## Music Contests To Draw 20,000

Approximately 20,000 high school musicians will take part in annual district music contests to be held in nine Nebraska cities next week.

Contest sites, according to Secretary O. L. Webb of the Nebraska School Activities Assn., are Geneva, Peru, Fremont, Wayne, O'Neill, North Platte, Holdrege, Chadron and Fullerton.

The contests will be held Friday and Saturday at all sites except O'Neill, where competition will be Thursday and Friday.

Nebraska does not hold regional or state music contests — only the district events.

## 2 Lancaster Redistricting Moves OKd

Two Lancaster County school redistricting moves have been approved following hearings Friday before Co. Supt. Glenn Turner.

Approved were:

1. The merger of Districts 45 and 123, located just north of Kramer, to form a Class I elementary district, which will be redesignated District 156.
2. The dissolution of District 27, which was divided between Districts 151 (Bennet) and 155 (Panama). Both are high school-elementary districts.

Turner said no opposition was voiced at hearings and district reorganizations would become effective at the close of this school year. The petitions had previously been approved by the State Committee for School District Reorganization.

## Court Upholds Redistricting Rule Refusal

A Gage County District Court refusal to grant an injunction in a school redistricting case was upheld by the Nebraska Supreme Court Friday.

The injunction had been sought by residents of Gage School District 78.

Ralph Cacek and others brought the suit against County Superintendent H. W. Munson and others, seeking to keep School District 78 from being taken into District 74, which operates the high school at Odell.

Plaintiffs contended the petition asking the redistricting did not carry signatures of 55 per cent or more of the legal voters in the district, despite the fact the county superintendent had ruled otherwise.

The trial court held that the plaintiffs' action was a collateral attack and dismissed the case for want of jurisdiction to hear the action. This action was sustained by the Supreme Court.

The High Court opinion held that "where the record of the proceedings before a county superintendent of schools in a proper hearing upon petitions filed under Nebraska statute discloses that 55 per cent or more of the legal voters of each school district affected have filed petitions requesting a change of boundaries, the county superintendent has the jurisdiction and mandatory duty to order the boundary changes requested by such petitions."

District 78 was one of 10 districts ordered incorporated into District 74 by the county superintendent's order.

## Board Is Reversed On Refusal To Drop Bostwick Service

The Nebraska Supreme Court Friday reversed the action of the Nebraska Railway Commission in refusing to permit the Burlington Railroad to discontinue the services of a custodian at its Bostwick station.

The high court held that the records shows the need for a custodian at Bostwick has reached "the almost irreducible minimum."

The Railway Commission's order denying the application "was arbitrary, unreasonable and contrary to the established law of this state," the Supreme Court opinion held. "Clearly the application should have been granted."

Noting the contention that irrigation developments might bring additional transportation requirements at Bostwick, the court held this is "purely speculative."

"Likewise, it is speculative whether it will require the increase of facilities or services at Bostwick or follow existing trade practices and be made upon facilities at Guide Rock and Superior," the opinion added.

# Plans For U.S.-French Meet On Indochina Crisis Fall Through

WASHINGTON (AP) — Plans for an American-French meeting April 20 on the Indochina crisis fell through Friday.

The French Embassy notified the State Department that France did not think it would be "convenient" to hold the conference this month.

## Meet Star Carrier Bob Andrews

Bob Andrews has built a fine newspaper business in Syracuse by getting The Lincoln Star to his customers before breakfast. Mr. and Mrs. Perry Andrews like the business experience their son is getting. They pointed out the training of responsibility placed upon himself that will stay with him all his life.

Wise purchasing and saving has been a hobby with Bob. He has \$75 in Bonds and enough in the bank for two more. He has paid for one-half of his bicycle and is always adding to his athletic equipment. Bob's parents helped him with his winter jacket—they helped him decide which one was best and he paid for it.

The school and community activities that keep Bob busy makes a Star morning route very desirable. He has just finished his Cub work and is going into the Boy Scouts. At school he plays a saxophone in the band and sings in the Junior choir at church.

Busy boys such as Bob helps bring a growing success to a town and community. The electric motor he built and exhibited at the Oteo County Fair took second place and helped make Oteo County outstanding in 4-H work.

## Here In Lincoln

**Sunrise Services**—Easter sunrise services sponsored by the Union Christian Endeavor of the six Lincoln German Congregational Churches will be held at 6 a.m. Sunday at Ebenezer Church, 8th and B. The Rev. Edwin Mehlhoff, pastor of St. John's Congregational Church, will be the speaker.

Diplomatic informants said efforts to find some way to end the conflict between Premier Ngo Dinh Diem of South Viet Nam and antagonistic forces within his country would be pressed in Saigon, and in Washington and Paris through diplomatic contacts.

**Saigon Crisis**  
Apparently it was the urgency of the immediate crisis in Saigon

which caused the French to send word that the April 20 date was inconvenient. Diplomats said they felt that pressing problems needed ironing out before effective talks could be held on long-range difficulties.

Word of the French attitude on the meeting reached the State Department late in the day. Earlier officials said that April 20 looked like a reasonably firm date.

The immediate crisis arises from

the fact that a week ago Diem was involved in an open shooting fight with dissidents, composed of elements of the Hoa Hoa religious sect and of the Binh Xuyen society, considered by the State Department to be simply an armed gang.

**Open Support**

U. S. officials have taken the position this country and France should back Diem to the limit. In private talks with the French they have demanded that French forces

in Viet Nam should give him strong and open support.

Officially French policy is to support Diem. But the French government considers him a minority leader and has taken the position that his government should be greatly broadened by bringing in political leaders the United States considers to be identified with old French colonialism in Indochina.

Some U. S. officials contend that the difference between the American and French position amounts to a deadlock on what to do about Diem and they fear that unless some solution is found in the next few days he may be in a dangerously weak position by this time next week.

At present the conflict between the Premier and the forces opposing him is suspended in a truce which ends next Monday. What will happen on Tuesday is a question which neither French nor American sources here can answer.

## Commission Cuts Deer Permits

The Nebraska Game Commission Friday cut back to 3,000 the number of deer hunting permits to be issued this year in Area Two, which includes Box Butte, Dawes, Sheridan, and Sioux.

The commission earlier had set the total at 5,000.

Residents of the area feared the large number of permits would dump too many hunters into the area, a commission spokesman explained.

In other actions at a regular meeting here, the commission: Extended by one day the previously announced deer hunting seasons in Areas One and Two.

Approved construction of a seining crew and district headquarters building at the site of the North Platte fish hatchery.

The brick veneer building at North Platte is expected to cost \$73,000 and addition of a well to at the site will boost the cost \$75,000.

The seining crew facility is needed so that crews can collect fish from over-populated waters, and hold them until they can be transferred to waters where they are needed, Executive Secretary Paul Gilbert explained.

The building's location will be just across the road from the present hatchery.

The revised deer hunting dates in Areas One and Two are Nov. 29 to Dec. 6. The season previously had been announced as Nov. 30 to Dec. 6.

Area One includes Banner, Garden, Morrill and Scotts Bluff Counties. The total of permits allowed in Area One remains at 2,000.

A three member delegation headed by Gerald Myers and representing the Fremont Boat Club met with the Commission Friday afternoon to inquire about the possibilities of linking a couple of the lakes in the Fremont area to provide better boating. An opening between Victory Lake and an adjacent one was suggested.

Commissioners instructed Eugene Baker, Commission engineer, to visit Fremont to look into the possibilities and confer further with the Boat Club Group.

Saturday the Commission will inspect the duck marsh at Memphis Lake and the Gretna fish hatchery.

## Golf Writers Honor Harlow

AUGUSTA, Ga. (AP) — The Golf Writers Assn. of America honored the memory of one of its charter members, Bob Harlow, at its annual meeting held Friday at the Masters Tournament.

A plaque in memory of Harlow, one-time PGA tournament director and editor-publisher of Golf World, was presented to Mrs. Harlow.

The association also made plans for a national poll to select the winner of the Ben Hogan Trophy, presented annually to a golfer who has overcome a physical handicap. Arrangements were made for the informal presentation of the William D. Eisenhower Trophy to President Eisenhower next week. This trophy is awarded for the outstanding contribution to golf.

Curtis Elected President

Charles Curtis of the Los Angeles Times was elected president, succeeding Lincoln Werden of the New York Times. Werden was named honorary president and director ex-officio. Des Sullivan of the Newark Evening News and John Walter of the Detroit News were elected first and second vice-presidents and Charles Bartlett of the Chicago Tribune was re-elected secretary-treasurer.

## Silence From Williams Louder

## 1955 Baseball Lacks Big Drawing Card

By WHITNEY MARTIN

NEW YORK (AP) — With Ted Williams' silence concerning his baseball plans getting louder and louder, the American League faces the prospect of opening the season without one really outstanding individual drawing card.

Mickey Mantle? To us he is an exciting player, but we doubt very much that the turnstiles will go into a dizzy whirl just because he's in the lineup.

Minnie Minoso? A power hitter and intriguing all-around performer, but not a great gate attraction, but not a great gate attraction.

## Effective Hurling Key Factor In NWU's Baseball Success

Effective early season pitching has been the key factor in Nebraska Wesleyan's baseball successes to date. But three of the Plainsman sluggers have been winning big bats and Coach Irv Peterson's regulars — almost without exception — have been getting good wood on the ball in the early stages of the season.

Two game statistics for games in which veteran righthander Warren Foster and Freshman pitcher Dick Barrett have gone the winning route without relief, are encouraging to Coach Peterson.

Foster who shut out Buena Vista on two bingles has struck out six and walked six. Barrett gave up five bingles in halting Dana 15 to 4, struckout 14, walked nine, and has a 3.00 earned run average.

In the hitting department pinch hitters Lyle Buell and Frank Hladik are each one for one. Regulars Ron Keefer (.500), Charles Ege (.429), and Ted Russ (.333) are totting the heavy lumber for the batting mark of .271.

Five extra base knocks are included among the 19 Wesleyan bingles, three of them by Russ. Ege, who owns the lone triple, has driven in four teammates.

## Birds' Roost May Be Partly Empty

BALTIMORE (AP) — The Baltimore Orioles faced empty seats Friday for the opening of their second American League baseball season next Tuesday with Boston.

About one-fourth of the stadium's capacity of 47,000 remains to be sold. There are 7,500 reserved general admission tickets available and 3,500 bleacher seats are to be put on sale Tuesday morning.

The management is hoping that arrival of the players themselves on the scene this morning will perk up interest. The team is to arrive from spring training at 8 a.m. and the city is planning an official welcome.

The Orioles then will put on exhibitions with the Pittsburgh Pirates Saturday afternoon and Sunday. They will open the official season Monday in Washington.

## Bowling Tourney Slated For G.I.

Lincoln Star Special

GRAND ISLAND — Dreisbach's handicap bowling tournament will open here April 30 and run for two week ends through May 8.

The tournament is sanctioned by the ABC. Entries close April 29. The tournament will be held at Rockwell Alleys. Handicaps are based on averages for the week ending March 12.

tion. Ralph Kiner? If he should return to his old home-run form he's a possibility. Yogi Berra and Al Rosen? Good ball players, sure, but we doubt if any fans would stay away from a game because they were out of the lineup.

Lemon Closest

Bob Lemon perhaps comes the closest to having a following right now, as quite a few folks might turn out to see the Indians when he is scheduled to pitch who might not otherwise be there.

Without individual bait to lure the fans the American League

must rely on a tight race, and it might be stymied in that direction, as most observers are predicting another three-club affair such as featured the campaign last year.

The National League, meanwhile, is rich in individual performers, and has another tight race in prospect, with six teams given at least an outside chance of coming through on top.

Positions Reversed

The National and American Leagues, in fact, have practically reversed the positions they held for many years, particularly as far as individual attractions are concerned.

The National has four players, at least, of undeniable gate lure, and if in some instances the lure is based on bulging muscles rather than the indefinable something called color, it's still a lure.

Stan Musial for one. The sheer grace of this great athlete and his consistently outstanding performance make him a pleasure to watch. Maybe, because he never has been a controversial figure, he hasn't been in Williams' class as a drawing card, but he nevertheless draws fans to games.

Doubly Fortunate

Willie Mays for sure. The Giant center fielder who to date has lived up to his press notices is a show in himself, whether at bat or in the field, and the New York club is doubly fortunate in having both Willie and the world championship to attract the galleries.

Ted Kluszewski draws customers who like to see the ball lofted out of the park, and there are few who don't. The home run still is the No. 1 gate attraction, and the huge, good-natured Redleg first baseman is the man who can deliver it.

Robin Roberts, a perennial 20-game winner, is a boon to the gate every time he's scheduled to pitch. We don't have the Phillie day-by-day attendance figures, but have little doubt that they have been higher on the days he worked.

It is not improbable that Warren Spahn has a following, also, and you might add Hank Sauer to the list of sluggers who can account for a few more customers through their presence in the lineup.

But the big man in either league has been Williams, and no mistake. His absence not only will hurt attendance in Boston, but all over the American League. He's been the later-day Babe Ruth as far as crowd appeal is concerned.

Howard First Negro  
In Yankee Uniform

WILMINGTON, Del. (AP)—Elston Howard Friday became the first Negro to wear a New York Yankee uniform during the regular season when Manager Casey Stengel said the 26-year-old St. Louis native had won a job as No. 2 catcher.

Howard was tried as both an outfielder and backstop in spring training.

"He's not a major league outfielder," Stengel said. "But he is definitely my catcher behind Yogi Berra."

The manager also said Phil Rizzuto had won the shortstop job from Billy Hunter and that Bill Skowron was set to play first base against all kinds of pitching.

## Jones Flurry Stops Johnson

ST. LOUIS (AP) — Ralph (Tiger) Jones stunned George Johnson with a left and right to the head and left him helpless against the ropes with a flurry of blows for a technical knockout Friday night after 2 minutes and 1 second of the fifth round of their bout, scheduled for 10 rounds. Jones weighed 158½, Johnson 155.

The New York middleweight hammered Johnson, a part Seminoe Indian from Trenton, N.J., with perhaps 12 or 15 blows as Johnson lay back against the ropes, his arms outstretched.

Although Johnson didn't go down he was a wide-open target and Referee Harry Kessler stepped in to call a halt to the nationally televised bout.

Johnson opened up an old cut alongside Jones' right eye in the third round with a sharp left jab. The Tiger, apparently sensing the fight might be stopped if the cut opened wider, stepped up his attack.

Jones, boring in with his usual flat-footed, aggressive style, quickly took charge in the fourth round and shook Johnson several times with a series of left hooks to the body.

Both Judges Fred Connell and Howard Hess had the two fighters even at 20 points each going into the fifth round, under the Missouri system of dividing 10 points between the fighters each round. Referee Harry Kessler had Jones ahead by two points at the end of the fourth.

Jones, a 27-year-old Negro regarded as a light puncher, had scored only eight previous knockouts in winning 33 of his 49 pro fights.

## Wesleyan Golfers Fall Before Texans

FT. WORTH, Tex. — The Texas Wesleyan College golf team defeated Nebraska Wesleyan's links squad, 6-0, in an intercollegiate meeting Thursday.

The results:  
John Tingle (TW) defeated Rich Jennings (NWU), 3-2; John Stephenson (TW) defeated Ken Moore (NWU), 5-4; Ernest Linton (TW) defeated Bob Peterson (NWU), 4-3; and Jack Williams (TW) defeated Roger Harbert (NWU), 4-3.

Linton-Williams (TW) defeated Peterson-Harbert (NWU), 5-4, and Jennings-Moore (NWU), 5-4.

## Wynn To Hospital, Might Go In Week

CLEVELAND (AP) — The Cleveland Indians' ailing pitcher, Ernie Wynn, was sent to Lakeside Hospital Friday for rest and "to get straightened out," as Dr. Don Kelly put it.

Two weeks ago Wynn had what seemed to be influenza. After less than a week's layoff, he attempted to pitch, and had a relapse.

Dr. Kelly, the club physician, diagnosed the difficulty as bronchitis and said the hurler would be kept in the hospital two or three days. He added that Wynn might pitch in a week or so.

## Stickles Takes Job As Superior Coach

# Rare Illness Strikes 3 More Children In Iowa Farm Family

## ... 2 Of 6 Youngsters Dead

NEW TOWN, Iowa (AP) — Things are going hard for the Daryl Warner family near Colfax, Iowa, this Easter.

A rare malady of the pancreas which previously took the lives of two of their six children, now has afflicted three of the remaining youngsters for whom death may not be far away.

The Warners live on a farm near Colfax and the father works on the nightshift at the Maytag Co. in Newton.

The malady is known in medical terms as a fibrocystic disease of the pancreas. It causes a shortage of juices in the stomach and eventually causes the lungs to dry out, making the victim susceptible to pneumonia.

## New Drug

The first Warner child, Linda Joyce, died in October 1943, at the age of 5 months. Jerry Marcene died in December 1953, when she was 3 days old.

The children who now have the disease are Karen Kay, 5; Donna Ray, 4; and Carolyn Irene, 3.

Neither parent ever was afflicted with the malady and the oldest child, Harlen Lee, 8, does not have it.

At one time the three girls were being administered each week one

of a new developed drug which costs \$122 a pint.

Some Aid

The Warners have received some aid from the state and from Jasper County and the girls have been taking treatments off and on at University Hospital at Iowa City.

Karen, the oldest and most seriously ill, re-entered the hospital at Iowa City Friday and probably will remain there for about two weeks.

Mrs. Warner said the strange illness does not keep the youngsters from acting "like ordinary kids," except that they do a lot of coughing.

## Man Sought In Lovers' Lane Death Case

BIRMINGHAM, Ala. (INS) — The body of an attractive blonde night club waitress was found in a ditch of a lovers' lane near Birmingham Friday, and police sought a truck driver for questioning.

Deputy Coroner J. O. Butler said the waitress, Mrs. Jean Winsett, 22, of Europa, Miss., had died of a fractured skull.

He refused to comment on how the woman had received her injury but his superior, coroner Joe Hildebrand, termed the spot where the body was discovered the site of "more rapes and murders than any other place in Jefferson County."

Four men who made a room of night clubs with Mrs. Winsett Thursday night were questioned but were absolved when they told police that the last time they saw her she had accepted a ride from a man in a pickup truck.

A "wanted" order was put out for the driver and the truck.

Mrs. Winsett's husband was reported in the U. S. Navy somewhere off Formosa.

## Set Half Million Oil Plan For Sidney Area

SIDNEY, Neb. (AP) — A half million dollar oil well drilling program in and around Sidney for the remainder of this year was announced Friday by Dun and Borings of Denver and Harper Oil Co. of Oklahoma City.

The program includes the drilling of 12 wildcat wells, all within 15 miles of Sidney to the northwest and south.

The first well is expected to be spudded within the next 30 days.

# 3 More Children In Iowa Farm Family

## Like Feels: Secrets Went To Commies He's Disturbed By Publicity On Military

WASHINGTON (AP) — President Eisenhower feels that some technical military secrets have been "made available to the enemy" by publication in this country, his press secretary said Friday.

Asked to cite some specific examples, Hagerty refused to do so on the ground that it might be of further help to an enemy.

Hagerty described Eisenhower's feelings on the subject in response to a request for comment on a published report that the President "is deeply concerned over what he regards as an excessive flow of military information from this country to the Soviet Union."

The article, by Walter Keer in the New York Herald-Tribune, said the President believes that while Soviet technicians may be aware of many developments in this country, they often are unable to influence their political leaders.

Hence, the reasoning goes, the information may lie dormant in some technical report until brought to the attention of Russian political leaders by being published, commented upon, and discussed by radio and television reporters in this country.

Hagerty refused repeatedly to say whether there was any connection between Eisenhower's views and the rigid new information control directives set up on March 30 by Secretary of Defense Wilson.

The White House secretary said he wanted to stress that his remarks about how the President felt were "not intended as a reprimand to any individual or department."

Defense Matter

He said the Wilson directives were "entirely a Defense Department matter," which he was not going to discuss. He added:

"I think I could say this: The President never has believed in censorship of legitimate news. At his press conference and in his executive order on security matters he has expressed that belief and has translated it into action."

"However, he has also always believed there is no reason to make available to the enemy technical military secrets which by their issuance could do nothing but hurt the interests of the United States."

"To that extent, and only to that extent would we ask that sort of information be withheld from general circulation."

"He does not believe that in other instances security or security regulations should be used by any branch of the government to cover up the publication of legitimate news."

Continuance In Teacher's Hearing OK'd

VALENTINE, Neb. (AP) — County Judge C. H. Elliott Friday granted a continuance in the hearing for an 18-year-old rural school teacher, accused of injuring her lone pupil, 6-year-old Ronald Loudon.

The hearing for Donna Fisher, Brewster, Neb., had been scheduled for April 9, but the girl's attorney asked additional time to investigate the case further. Judge Elliott said the county attorney made no objection to the continuance.

The boy was hospitalized over night in Valentine with head injuries and the teacher freed on \$200 bond. She was charged with assault.

'Very Upset'

Jack Copeland of Valentine, attorney for Miss Fisher, said he asked a continuance of the hearing "to give me the opportunity to complete my investigation." He said Miss Fisher and her parents are "very upset."

Meanwhile the boy's physician said Ronald "probably will recover completely and have no trouble at all."

The doctor said he found no fractures but the boy's head was swollen, a layer of free blood under the scalp and both eyes swelled shut. He said he found no abrasions on the scalp and only a tiny scratch which bled a little behind the boy's left ear. The boy "looked terrible," he said but it was "not a serious thing."

Eyes Discolored

The boy had no emotional upset, he reported and when he saw the boy a few days ago most of the swelling had subsided, although the boy's eyes remained discolored.

There has been no clear story as to how or why the boy was hurt. County Attorney Dean L. Donohoe declined to give details of a statement he said he got from Miss Fisher. The boy's parents, Mr. and Mrs. Vernon Loudon, who live in the Nebraska sandhills some 75 miles south of Valentine could not be reached by phone and school authorities said they lacked details of the incident.

## Lost 622 Jobs, Lands In Jail

CINCINNATI (AP) — Robert Perry, 49, who lost 622 jobs in the last 10 years, got an assured 90-day stint Friday—in the workhouse.

Police Court Judge John W. Keefe passed sentence after Frank Huitger, 65, clerk in the Ohio State Employment Bureau, testified that Perry knocked him down after being told there was no job available for him.

Since 1945, Huitger said, Perry has been placed on 622 jobs, but was unable to keep any because of his violent temper and inability to get along with other people.

So far this year, the clerk continued, Perry had been given 15 jobs.

The 90-day workhouse sentence was for assault and battery.

## Girl, 13, Saves 4 In Family From Blaze

CHICAGO (AP) — Thirteen-year-old Rosemary Pacheco herded two sisters and a brother from their flaming apartment Friday, then braved flames to reach her baby sister and throw her into the arms of a passerby.

Fire Chief Richard J. Brennan said, "That little girl did a wonderful thing. She showed presence of mind far beyond her years. Under no circumstances could she have done a better job."

Rosemary and her four brothers and sisters were in their second floor apartment when flames broke through the door. Rosemary quickly led two sisters and a brother down stairs to safety.

Then she returned to her 11-months-old sister in a smoke-filled bedroom. At the bedroom window she caught the attention of a passerby. She dropped the baby into his arms, then leaped to the sidewalk. The passerby disappeared.

She suffered bruised knees. The other children were not harmed.

Rosemary's parents, Samuel, a factory worker, and Constance, had left her in charge while they went shopping.

## Airman Glides His Flaming Jet 80 Miles To Landing

LANDSTUHL, Germany (AP) — Lt. Thomas E. Wilson of Westfield, N.J., glided his flaming jet fighter-bomber 80 miles and landed safely at the U. S. Air Force base here after the craft caught fire at 20,000 feet.

The jet pilot walked away from his plane after bringing it down and received congratulations from his fellow airmen while huge fire trucks sprayed foam on the hot engine.

An Air Force announcement Friday said Wilson, "while on a routine local night flight experienced a sudden jolt and severe vibration when the turbine wheel of his jet engine failed, severing fuel lines and starting a fire in the aft section" of the F86D. The Air Force account continued:

"Hearing Wilson's emergency radio call to the Landstuhl tower that he was returning to 'home plate,' Capt. Robert Campbell and Lt. Thomas Lowry, who were flying a T33 jet trainer in the vicinity, intercepted Wilson's crippled jet and, flying in close formation, kept close check on its outward appearance."

"Wilson's big decision came when he passed near the city of Kaiserslautern and he reached the minimum safe altitude for a bail out with no guarantee he could reach the runway five miles away."

"With assurances from the T33 pilot that no external fire was visible, he kept on course waiting until 10 seconds before touching down to lower his landing gear in order to decrease drag and maintain as much air speed as possible."

"Working with his teammate in the T33, Wilson brought his aircraft in for landing on the first 100 feet of the 7,000-foot cement runway."

Easter Egg Hunt — VFW Post 131 Easter egg hunt for grade school children will be at Antelope Park Pavilion, 8:00 A. M. Easter Sunday.

## Teen-Agers Safe After 33 Hours Marooned In River

B R I S T O L, N. H. (AP) — A young high school girl who, with her teen-age escort, was trapped 33 hours in a car marooned in a swift-flowing river, Friday night told how she alternately prayed and read aloud from a joke book during the ordeal.

Propped up in her bed at Franklin Hospital, 14-year-old Nancy Willis, pale from her harrowing experience, told a photographer, "I feel fine, thank you." Her mother, Mrs. Edwina Merrill, sat at her bedside.

Over Embankment

The girl and her companion, Alfred E. Paine Jr., 16, were rescued Friday after their car plunged over an embankment into the Smith River Wednesday night.

Nancy said she and Paine spent Wednesday night in the back seat of the car praying.

When daylight came, she said, they found themselves about 40 feet from shore. Finding a book of jokes on the front seat, the girl said she read aloud to keep up their spirits.

Paine wanted to attempt to go

## State Board Gets No. 48th Beer Request

Controversies over location of package liquor and retail beer stores on No. 48th have now reached the State Liquor Commission.

The commission has set April 19 as hearing date for an appeal of Jack A. Zimmer, 742 No. 48th, from a local recommendation that his application for an off-sale retail beer license be denied.

Considering Appeal

The commission is now considering an appeal by Jerold and Henry Kohn on an application for a liquor store license at 545 No. 48th.

At a hearing this week, citizens from northeast Lincoln protested Kohn's proposed location.

Nebraska Wesleyan University spokesmen said a center of teenage activities is developing around 48th and O. It would be bad to place a liquor store in this location, they said.

City Protested

City officials protested issuance of a license since it is outside the downtown business district where there are foot patrolmen.

Officials said there was no question of the credibility of the applicants who now have a liquor store at 1321 O.

The commission also has set 10 a.m. Tuesday for hearing of an application by James P. Baroch of 227 So. 13th to move to 2365 O. This location is also outside the downtown patrol area.

## Air Buildup Threatening Chiang Isles

TAIPEI, Formosa (Saturday) (AP) — Chinese Communists have a new air base in operation 250 miles north of Formosa and are remodeling two other fields still closer to this Nationalist island, Chinese Nationalist spokesmen said.

The official Air Ministry spokesman said the newly built base at Luchiao (Lukiao), capable of handling every type of plane, went into operation April 3. Two villages were reported demolished to make room for the base.

The spokesman said bases undergoing remodeling are at Fochow, 200 miles northwest of Formosa, and at Swatow, 200 miles west of Formosa.

Isle Control

Gen. (Tiger) Wang Shu-ming, Nationalist air force commander, said that once these fields are finished it would be difficult for the nationalists to maintain air control over the Matsu and Quemoy islands. These Nationalist outposts lie off the Red China coast between the air bases and Formosa.

Earlier this week Gen. Gun Li-jen, personal chief of staff for President Chiang Kai-shek, said in an interview it would be difficult to stay on the islands if control of the air and sea were lost.

"This buildup," he said in an interview, "once completed might destroy us."

(In Washington News. Sparkman (D-Ala) said Friday "it would be folly" to let the air buildup continue "once it becomes apparent their purpose is to launch an attack.")

## Fremont Chamber Elects Ilgenfritz

FREMONT, Neb. — Glen M. Ilgenfritz is the new president of the Fremont Chamber of Commerce, succeeding Bernard Schafersman.

A. W. (Babe) Hill is the new vice president and Robert Voss, treasurer. Howard Shirock is secretary-manager.

New members of the board of directors are Alfred Christensen, M. W. Iseman, Carl Johnson, O. H. Nichols, Gordon Pelley, Marvin Weistead and John Young.

C. J. Reynolds, W. C. Withthoff, Schafersman, Edward Jasksha and Nichols were named to the executive committee.

Reynolds was also named chairman of the program of work committee. Vance Sibert will head the finance and budget committee.

## Omaha Grocery Lost In Flames

OMAHA (AP) — A North Omaha grocery store was destroyed by fire Friday afternoon.

The old, two-story frame building, housing the Super Duper Market, and all its contents appeared to be a total loss. The fire raged through the building in a half hour.

Owner Gary Sherman, Omaha, said he could not estimate the dollar loss. Bill Hurlbut, assistant manager, said the blaze started in a rear stairway jammed with empty cartons.

Surrenders

RENO, Nev. (INS) — Jean O'Brien, 38, surrendered to Reno police and is being held for New York authorities on charges of embezzlement and grand larceny.

Police reported the woman, employed as a payroll clerk at the Staten Island, N.Y., hospital, admitted fleeing with \$2,213 belonging to employees of the hospital. She had but \$100 in her possession when she gave herself up.

Diane Friml To Wed

HOLLYWOOD, Calif. (INS) — Diane Friml, granddaughter of noted composer Rudolf Friml who recently completed her first important film role, set Sept. 1 as the date of her marriage to painting contractor David Dietrick, 24. The pretty 19-year-old brunette said she plans to abandon her career to be "just a housewife and—I hope—a mother" after the wedding.

Cold and Hungry

When brought to shore, they were near exhaustion and suffering from cold and hunger. Physicians expect to release them from the hospital Saturday.

Although the young couple was not allowed to speak to newsmen immediately, police explained their car apparently missed a turn in the road and plunged down a steep embankment into the water.

The vehicle first came to rest under a bridge but later inched down stream and perched on a submerged rock.

## Passerby Saves Youth Escaping Locked Bedroom

NEW YORK (AP) — A fast-thinking passerby Friday saved the life of an 11-year-old girl who, police said, tried to escape from her locked fifth-story bedroom by lowering herself on a rope of sheets.

Police said the girl, Geraldine Burke, suffered minor injuries as she plunged about 25 feet from the end of an improvised rope to the ground.

She was caught by Ira B. Newell, a Queens attorney, who saw her slide from the window. He was knocked to the ground but broke the impact of her fall.

The girl's mother, Mrs. Mary Margaret Burke, was arrested on charges of neglecting her children.

The mother was quoted by police as saying Geraldine had been a "bad girl," and that she had locked her and another daughter, Barbara, 13, in their bedroom.

The child and the attorney were taken to Flushing Hospital. Newell was released after treatment. The girl was held for observation.

## Young Mother Admits Part In Texas Slaying

HOUSTON, Tex. (AP) — A big, weatherbeaten professional soldier, Sgt. Grady Watson, terribly worried about his wife and kids, stood in the police station corridor and said:

"A man spends most of his life fighting for this country; he raises a fine family, he supports them well. And then something like this comes up. What is a guy to do?"

A few feet away, police were questioning his wife, Mrs. Evelyn Watson, 24, and mother of their four children. She and her brother are charged with murder.

She confessed, Police Chief Jack Heard said Friday, to being present at the slaying of a Baptist minister's widow, Mrs. Lucille Quarles, in Mrs. Quarles' Houston home last Feb. 15.

Accuse Each Other

Mrs. Watson accused her brother, Jimmie Lee Baker, 23, of the actual slaying. He accused her of the killing. Otherwise their stories were almost alike. They were after Mrs. Quarles' valuables, the worth of which was not immediately determined.

Sgt. Watson is stationed at Ft. Hood, home of the 4th Armored Division. He, his wife, their four children and Jimmie Lee Baker lived at Hood Village at the fort.
